

Umutesi Mariam

Profile

I have a diverse background, including a degree in Computer Science, experience as a full-stack developer, and roles in network engineering and customer support. Additionally, I've managed events and served as a sales manager. This unique combination of technical and practical experience allows me to excel in various environments, bringing strong organizational, problem-solving, and leadership skills to any role.

Experience

UMURAVA WEB DESIGN CHALLENGE

- Participated in a competitive web design challenge focused on building responsive, user-centered websites within a limited timeframe.
- Designed and developed website interfaces based on given requirements and real-world use cases.
- Applied UI/UX principles to improve usability, accessibility, and visual appeal.
- Demonstrated problem-solving skills, creativity, and the ability to work under strict deadlines.
- Strengthened practical skills in HTML, CSS, JavaScript, and modern web design practices.
